

Eden to Jerusalem

A fun filled romp through the history of the Old and New Testaments, connecting the stories into a narrative as we journey back and forth the map of the Ancient Near East (pausing for a drink of wine every time we stop in Jerusalem!)

Dr. Ellen Cavanaugh is a theologian and robotics teacher. What drives Ellen is a passion to inspire kids. She spent over 25 years as a youth minister and now serves God in a secular world, an active contemplative, seeking to collaborate with others to build a more just and beautiful world.

Jerusalem means "The New" Salem, or the New "Completeness." It is the point of intersection for Abraham and Melchizedek, for the Israelites and the ancient near east, and for Jesus and the worlds of indigenous, Roman, Greek, and Jewish. Follow the journey of the Israelites and of Jesus is a memorable way that connects the narratives of your faith.
